

# End of Sale Notice

(End of Integral extension sales)

**Notification Date:** October 10, 2014  
**Effective Date:** December 31, 2014  
**Subject:** End of Sale of Avaya Integral Portfolio:  
Integral Enterprise, I55, I33, devices, tools,  
and related accessories  
**Theatre/Region:** All

## Summary

This is the End of Sale notification for the Avaya Integral Enterprise platform including the enterprise product lines Integral 33 / Integral 55.

Moreover this notification covers the related Integral Enterprise tool and application suite (AeM, CDM, EDS, FPM), the Integral devices, components and the various accessories.

Remainder of stock material of Integral Enterprise could be ordered as piece parts dependent on subject to availability. Sold out of stock will come into effect without further notice. The material codes will be marked under discontinued orders (see page 3ff).

The End of Sale Notice for End of New Project/System sales was already published April, 27th 2011 for Integral 55 / Integral Enterprise.

## Transition Summary

- Subject to availability, the last date for orders to be placed for all Integral material codes is December 31, 2014. Thereafter, these codes will be removed from price lists and associated order entry systems. A new price list for the material codes available as piece parts will be published afterwards. Stock will be reserved to meet requirements for warranty returns and repairs.
- Marketing collateral and web-site / portal content will be modified to reflect this product transition.
- Otherwise stated, Avaya will provide hardware and software Manufacturer's Support, including technical support, repairs, software bug fixes, for three (3) years after the EoS date until December 31, 2017. Parts of the portfolio may have different time lines and will be published separately.

## Discontinued Order Codes and Migration Strategy

**Discontinued Order Codes:** see page 3ff:

### Migration Strategy:

Avaya offers a powerful migration portfolio which will cover the customer needs of a future oriented communication solution.
